

GRAY QUICK

UX/UI Designer · AI-Native Product & Brand Creative

Las Vegas, NV · 562.209.3874 · grayquickart@gmail.com · grayquick.net · mvss.studio · linkedin.com/in/medusan

PROFILE

AI-native UX/UI designer and creative director with 15+ years building digital products, brand systems, and campaign experiences across entertainment, media, and tech. I design for both web and mobile, run end-to-end product cycles from research through implementation, and integrate AI tools directly into production workflows as a core capability. I have shipped full SaaS products, automated design pipelines, and high-performance campaign assets simultaneously. I know how to collaborate across engineering, product, and cross-functional teams, and I have the metrics to prove my work moves the needle.

CORE COMPETENCIES

AI Design Tools Midjourney, Runway, ElevenLabs, Creatomate, Claude API, ChatGPT, v0, Cursor

UX / Product Design User Research, Wireframing, Prototyping, Usability Testing, A/B Testing, WCAG 2.1

Design Tools Figma, Adobe Creative Suite, Design Systems, Motion Graphics, 3D

Web / Dev React/Next.js, TypeScript, HTML/CSS, Framer, Webflow, Shopify, Expo/React Native

Automation & Collaboration n8n, API integrations, Claude API pipelines, CRM automation, Cross-functional team leadership

EXPERIENCE

Founder & Creative Director | *MVSS Studio* · *Self-Employed, Remote* 2023 – Present

- Built MOTH3R, a macOS desktop app integrating AI into a full creative business pipeline: Google Maps scraping, AI-powered scoring, Claude API outreach drafting, Notion CRM sync, and Gmail automation. One-click lead gen end to end.
- Shipped two AI-integrated SaaS products with full UX from research to launch: Scora (mobile AI academic companion, Expo/React Native + Supabase + Claude API) and FollowUp SMS (B2B real estate marketing tool with CRM integration and campaign scheduler).
- Led product design across both web and mobile surfaces, covering user flows, wireframes, high-fidelity prototypes, usability testing, and implementation handoff.
- Used Midjourney, Runway, Claude, and AI coding agents daily to compress production timelines by 60%+ without sacrificing visual quality.
- Collaborated cross-functionally with engineering and stakeholder partners across all SaaS products, managing design-to-dev handoff, feedback cycles, and iteration.

Creative Lead / Senior Designer | *Tix4Vegas — Blackstar Entertainment* · *Las Vegas, NV*
Mar 2025 – Mar 2026

- Led end-to-end campaign UX and visual design for major Las Vegas residencies including Kelly Clarkson, Cirque du Soleil, and Prince Tribute, from brief to deployment.
- Designed assets required to hold across every scale simultaneously: streaming thumbnails, social creative, web banners, magazine spreads, and 40-foot casino displays. Constraint-first systems thinking applied to every asset.
- Boosted audience engagement by 40% through paid media assets optimized for local and tourist demographics, A/B tested across Meta and IG placements.
- Collaborated directly with talent, venue stakeholders, and marketing leadership, translating briefs into polished campaign systems on tight timelines.
- Produced performance-optimized motion graphics and digital signage deployed across social and venue spaces.

UX Frontend Developer | *POPfit Clothing — Loyalty Brand Marketing* · Las Vegas, NV Feb 2024 – Mar 2025

- Redesigned e-commerce platform end to end, improving page load speeds by 35% and mobile conversion rates by 25%.
- Led A/B testing across all funnel stages: reduced cart abandonment by 30% and increased monthly revenue by 12%.
- Implemented interactive product filtering reducing bounce rates by 20%.
- Drove 15% lift in user engagement through iterative testing on landing pages and redesigned branded UI components.
- Worked directly with engineering and marketing teams to translate design decisions into production-ready code.

Creative Director | *Hastati Music Network* · Remote Dec 2021 – Feb 2023

- Led visual identity, UX/UI systems, and campaign graphics for a growing music-tech startup across web and mobile.
- Reduced user errors by 40% and boosted engagement by 30% through iterative UX research and design refinements.
- Established unified design framework improving brand consistency by 40% across all product touchpoints.
- Produced high-fidelity Figma prototypes that elevated engagement metrics by 25%.

Lead Designer | *Fasteners Inc* · Las Vegas, NV Jul 2023 – Feb 2024

- Led full website redesign increasing organic traffic by 40% and lead generation by 20%.
- Achieved WCAG 2.1 AA compliance, resulting in 10% lift in user engagement.
- Built targeted email campaigns driving 25% open rate increase and 15% sales growth.

Cryptologic Technician (CTT) | *U.S. Navy* · Norfolk, VA Jan 2010 – Jan 2016

- Held Top Secret and Q-Level security clearances.
- Developed systems thinking and analytical precision under high-stakes operational conditions, directly applicable to product and design problem-solving.
